Classical Music Festival Patrons ABA Audience Survey Data

Fielded February-April 2020, N=227

GENRE REPORT

Summary of This Report

This report contains distribution data for the survey fielded by the Advisory Board for our members.

About the Survey

The survey was conducted from February 7 to April 21, 2020. It had 45 questions total, mostly about a notable performance attended by the respondent. The primary intent of the survey was to identify audience members' motivations to attend arts performances as well as the drivers behind loyalty in the arts. There were 227 responses from people who attended a classical music festival performance.

About the Results

The survey was deployed to 9 ABA member organizations and was sent directly from each organization to its distribution list. Each recipient received a customized link to allow ABA to identify the survey-taker. Through a partnership with HaystaqDNA, the list of survey takers was then matched to a consumer database owned by L2, enabling ABA to import additional demographic information. As part of this initiative, the 9 participating members will also get access to a Web-based tool to explore a broader set of demographic and purchase history information for its full audience list.

About the Report

We have divided this report into 6 sections, each representing a thematic set of survey questions. It is accompanied by an excel report with information that can be sorted, as well as full text for the write-in responses.

Each section begins on the following pages:

1. Overall Loyalty Statistics (p3)
2. Performance Questions (p12)
3. Organizational Questions (p29)
4. Motivation Questions (p37)
5. Preference Questions (p42)
6. Background + Demographics Questions (p47)

If you have any questions about this report, please contact the Advisory Board for the Arts at memberservices@advisoryarts.com.

Classical Music Festival Audience Motivational Segment Distribution

Q1*: Which of the following types of performances did you attend in the past year?

Types of Genres Attended in the Past Year
(N=227)

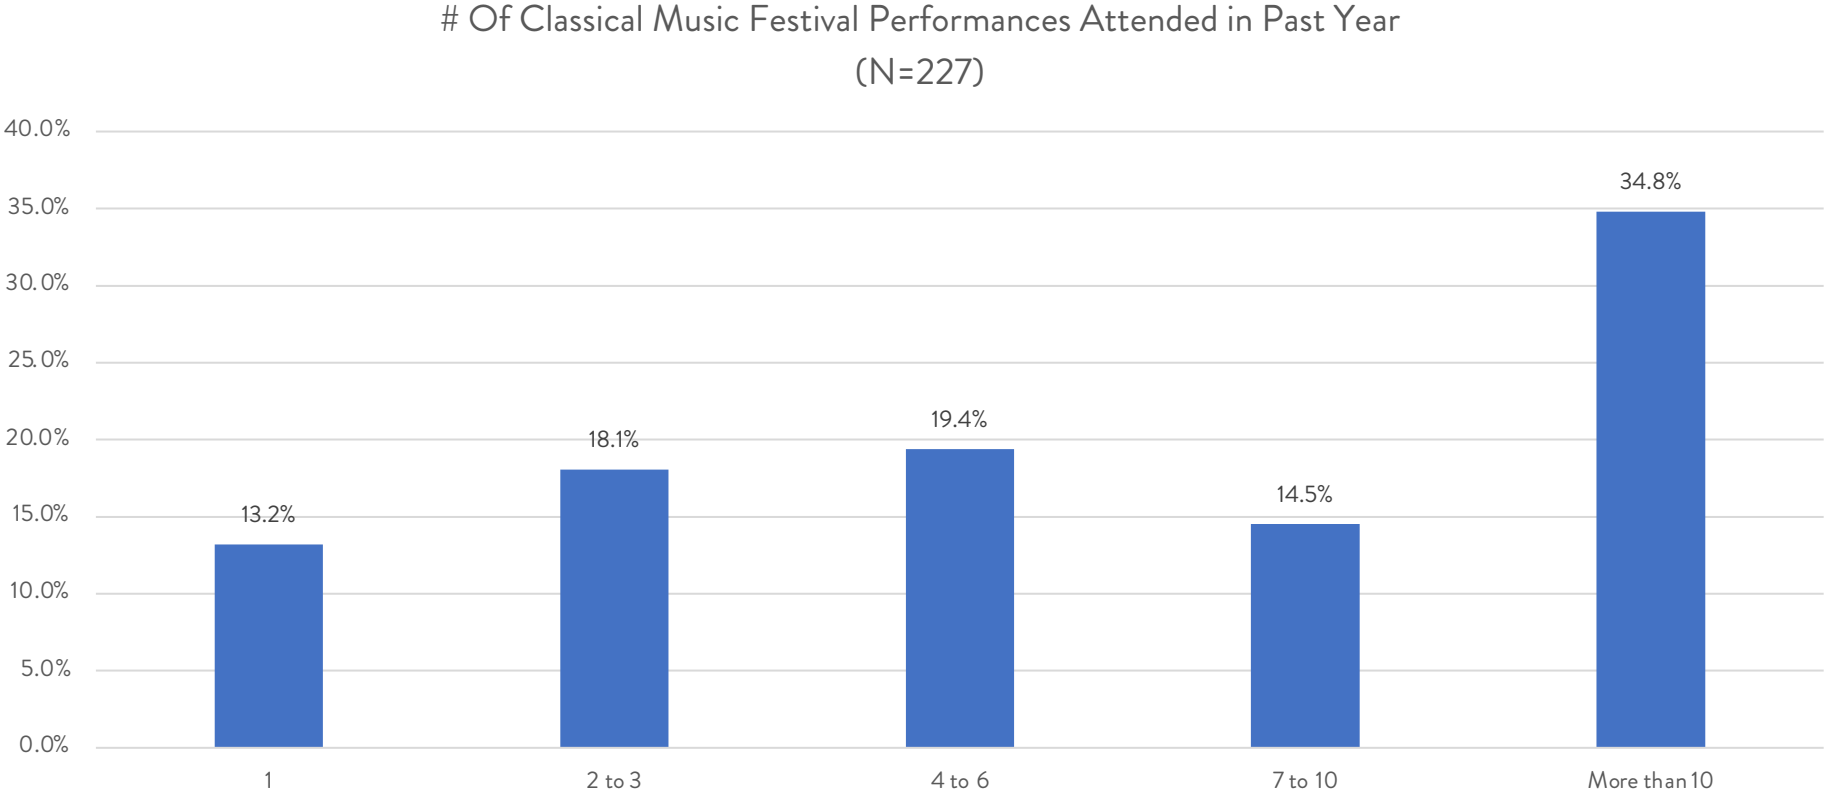

*ABA asked about non-arts performances in addition to the classical arts. When individuals indicated that they had not been to an arts performance in the past year, the survey ended. For those who did participate, they were asked to take the rest of the survey about a **classical music festival performance.**

Q2: Now we'd like you to answer the remaining questions about a single performance in the past year that you deliberated most about attending. Please write the name and venue of the performance you attended and be as specific as possible.

See the full responses in 'Write-in Qs' in the Excel report. All responses refer to a classical music festival performance.

Questions 3-33 refer directly to the performance the survey participant wrote down in Q2.

Q3: Including [the performance from Q2], how many classical music festival performances have you been to in the past year?

Q10: How likely or unlikely are you to purchase tickets to another performance (a) by these performers (symphony, soloists, starring actors, etc.); (b) by this composer/writer/choreographer; (c) of this genre (orchestra, opera, musical theater, theater, ballet, chorus etc.); and (d) at this venue?

Likelihood to Repurchase Tickets of the Same Following Elements (N=227)

Q11: How likely or unlikely are you to recommend a similar performance to friends or colleagues?

Q21*: How far in advance did you decide to go to this performance?

**See other write-in responses in the Excel report.*

Performance Questions

Q4*: How did you become aware of the performance?

Methods of Awareness of the Performance
(N=227)

**See other write-in responses in the Excel report.*

Q9: How would you rate each of the following elements of the performance or experience: (a) quality of performers, (b) composition or play, (c) the set/staging, (d) your seats, (e) the venue and amenities, (f) the value you received for money spent, and (g) the service quality offered by staff?

Ratings of Performance Elements
